

Lakecrest Forest and Village Annual Meeting Update

Hello,

The Association wanted to give a brief update on the action items from the Lakecrest Forest and Village annual meeting. Please feel free to contact Dannielle Raper with High Sierra Management should you have any questions or concerns.

Committees - The initial meeting to set up community committees will be held on 3/27/13 at 7:00PM at the Williamsburg Parish community clubhouse. All volunteers will receive an official invite via email.

Lakecrest Village Pocket Park - After inspection of the pocket park, it was decided to add kiddy cushion to spruce it up. The Association does not have the funds to add new play equipment at this time but will consider changes or additions in the future.

Requested Children at Play Signs – The Board of Directors have approved the purchase of signs throughout the community. The signs will be purchased and installed after the committees are formed in late March.

Contractors speeding – Dannielle Raper with High Sierra Management made the complaint to the home builders informing them of the issue.

- *Please contact Dannielle Raper should there still be an issue with contractors speeding throughout the community,*

Thank you,

Dannielle Raper
